Implementation date:

5/1/2020

Case ID:

SC007506

McDowell Technical Community College will close several programs in Network Management.

Four students are currently enrolled in the programs. Students were informed of the program closings via email and a telephone call. One student will complete a certificate in the fall of 2019 with no interruption and the remaining three will complete their certificates in the spring of 2020. They will not incur any additional charges as a result of the program closings.

No faculty or staff member will be affected by the closings. The one faculty member teaching in the program was provided an employment reference and has found employment at another community college.

The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the closure of the Associate in Applied Science (A.A.S.) degree program
